## Event Policies

### Requirements:

\$75 deposit is required to confirm the event date with Texas Avalanche Shaved Ice.- at least 7 days prior to the event

No checks are accepted. We accept cash, credit card, debit card, and Cash App or Venmo.

Our equipment runs from a 30 Amp electric circuit. If only 15/20 Amp outlets are available, we may need more than one outlet on separate circuits to power the needed equipment in the trailer. We also have a gas-powered generator in case electricity is not available, but this will need to be placed where it is not upwind or dangerous to guests or employees at the location. We can only use our own generator, due to insurance policies.

Will need the space available up to 45 mins before for setup time, and 20 mins after for the closing and removal of the trailer from the location.

If you have any questions, please contact us prior to making the deposit.

### Permits:

You will be responsible for contacting Parks & Recreations departments to confirm if a permit is needed for the city or state-owned parks. If in a neighborhood setting, such as a pool or park, you may need HOA or city approval. If we are refused to set up because we do not have permission or a permit, we are not responsible and a refund will not be given.

### Cancellations:

Within 7 days of the scheduled event, the deposit will be non-refundable. The deposit is required at least 7 days prior to the event, to hold that day and time on the calendar. The entire event fee will be due 24 hours prior to the day of the event. Once, we are enroute to the location, the full event fee is non-refundable.

### Bad weather:

We may not be able to set up our equipment in rain, snow, muddy conditions, or high winds in excess of 25 miles per hour. In the event of bad weather, you may be given the option to cancel 2 hours prior to the event and a refund of your deposit and full event fee. If you choose that we come to your location and set up and weather conditions prevent us from setting up or opening, the deposit is forfeited. If the event is cut short due to bad weather, we may offer the option of staying later, if the weather is due to clear within 2 hours.
